

e-Forms Agreement Data

Your entries will be used to populate the e-Forms Agreement Spreadsheet that is required either to request a **new e-Forms login** from DWC or to **amend an existing e-Forms login** with changes. Your e-Forms login gives you access to **FileNet** where you can view all documents filed by other parties into EAMS cases.

Email completed form to support@edexis.com and the completed e-Forms Agreement Spreadsheet will be returned to you shortly.
